

REPORT ON TEACHERS' AWARENESS SESSION ON IMPLEMENTING NCF-FS PEDAGOGICAL STANDARDS

Date: 18.04.26

Attended by- Pre Primary Teachers

Conducted by: Ms. Meenakshi Pathak, Curriculum Head (VBPS)

A Teacher Awareness Session on implementing the National Curriculum Framework for Foundational Stage (NCF-FS) 2022 , Pedagogical Standards, was conducted on April 18, 2026, at Vishwa Bharti Public School, Noida, for the foundational stage faculty.

The session focused on transitioning from content-based teaching to a competency-based approach rooted in purposeful pedagogy. Educators explored play-based, storytelling, and experiential learning methods aligned with the Panchkosha framework to support holistic child development. Emphasis was laid on designing measurable learning outcomes using clear, observable action verbs and understanding assessment as an ongoing process of capturing meaningful learning moments through observation.

The session concluded with an engaging quiz, “Kaun Banega Competency Champion,” which added a joyful and reflective dimension, reinforcing key concepts and leaving teachers motivated to create inclusive, evidence-based, and child-centered learning environments.

Glimpses of the session
