

VISHWA BHARTI PUBLIC SCHOOL, NOIDA

GRIEVANCE REDRESSAL COMMITTEE

The school is committed to handling all complaints in a fair, open, honest manner. Parents who have a concern should normally raise it first with their class teacher by sending an email and requesting a meeting. If the parent is not satisfied with the response they may then contact the headmistress or who will either liaise with the relevant staff, connect the parent with the suitable member of the senior management team, or if required refer the matter directly to the Principal. In situation of great importance or sensitivity parents may also choose to approach the principal directly, in which case they will be guided to write a confidential email. This process ensures that the concerns are addressed promptly, respectfully at the appropriate level.
